PARTS PRICING PASSWORD (CI-PPP)

LOCK DOWN PRICING OVER-RIDES

CI-PPP: Securing Your Investment

- CI-PPP allows you to **password protect** pricing figures from within functions I and PRO
- Proven results show CI-PPP will allow you to protect your **gross profit margin**
- Parts employees will be prompted for a secure password when attempting to over-ride important pricing information such as **cost** and **sale**
- Quick and easy **audit reporting** tools allows you to monitor pricing overrides
- Protecting cost over-rides allows for more **accurate** gross profit reporting

```
